

Dear Patients and Friends,

It is with a full and heavy heart that I am writing to let you know that after 21 wonderful years at the Santa Rosa Dental Implant Center, I am retiring immediately. While I was planning to work for a few more months, my recent health issues make that impossible. Your trust in me has been both professionally rewarding and personally humbling.

As my dedication to my patients has been important to me, my goal was always to deliver high-quality dentistry. I was incredibly happy to find successors with the same values and beliefs to replace me and to provide quality care. I feel lucky to have found the Ngo sisters, Joanne and Tina, to take ownership of the practice immediately. Both doctors are extremely compassionate, warm, intelligent and are the perfect successors to the Santa Rosa Dental Implant Center. They are natives of San Francisco and are excited to make Santa Rosa their new home. They enjoy the family atmosphere that Santa Rosa has to offer.

Both Drs. Joanne and Tina Ngo graduated from the University of the Pacific School of Dentistry. They were both recipients of the National Health Service Corps scholarship, as they have always given back to their communities and will continue to do so. Please join me in welcoming Drs. Joanne and Tina Ngo as the new owners. I have the highest level of confidence and trust that they will do a fabulous job. I have spent many hours in preparation for this transition and it is very evident to me that this team will provide the best possible experience for each patient. I feel at peace knowing that you will have great care moving forward.

For my periodontal patients, Dr. Ryan Reyes will be joining as an associate doctor for the practice. Dr. Reyes is a native of the San Francisco Bay area and a graduate of the University of the Pacific School of Dentistry as well. He received his certificate of Periodontics and MS degree from the University of Colorado. Dr. Reyes's expertise in both periodontal and implant dentistry will make him the perfect team member at the Santa Rosa Dental Implant Center.

As for me, I finally will return home to Maui and enjoy my retirement there. I wish you all wellness and love now and always.

Sincerely,

Patricia A. Murray, DMD, PhD
